

Client Testimonial

"Tanner was always ready to take a phone call or answer a text. He worked fast but very accurately. We had a document issue towards closing. Tanner was able to explain everything and worked to make sure it was fixed ASAP. He was in our corner every step of the way."

Client Testimonial

" Shannon guided me to be able to get the loan approved. Once I said what I think my monthly payment should be, she gave all the help I need to have somewhere around that amount. It's my second time working with her, very great person and professional. I have and will continue to recommend her to family and friends."
